1) Introduction to National Culture Fund

The National Culture Fund (NCF) was set up by the Govt. of India, Department of Culture (now Ministry of Culture), as a Trust under the Charitable Endowment Act, 1890 through a Gazette Notification published in the Gazette of India 28th November 1996.

NCF was visualized as a mechanism to elicit people's support, both intellectual and financial, to forge public private partnership for culture related endeavors.

The culture of India is one of the oldest and unique. In India there is an amazing cultural diversity, which has resulted in a unique plurality of religion, language, architecture, traditions and customs. To make this unique idea of diverse India to blossom unfettered and unhindered for times to come, efforts at individual and organizational levels have to be initiated. The constitution of India guarantees cultural rights in the following terms -

"Any section of the citizens residing in the territory of India or any part thereof having a distinct language, script or culture of its own shall have the right to conserve the same."

In order to realize the objectives enshrined in our constitution, the Government has made sustained efforts to protect, preserve, maintain and develop our cultural heritage and traditions.

It has been realized that the expenditure on culture is not a wasteful expenditure but a contribution to human and social development. The vast remains of cultural past in our country have to be preserved in the best manner, by way of making appropriate adjustments and innovations in the patterns of cultural funding in India. Hence, it becomes important to explore the connection between the social responsibility of the corporate and the continuity of our heritage resources. As the country aims and strives to sustain its heritage resources, the corporate sector can play a significant role as a participant and as a catalyst in the process of sustainable heritage management and preservation.

The social demands for cultural preservation outstrip the available government resources and thus have to be met with active collaboration of governmental agencies with private ones.

Considering above facts, National Culture Fund (NCF) was set up by the Government of India, Department of Culture (now Ministry of Culture), as a Trust under the Charitable Endowments Act, 1890 through a Gazette Notification published in the Gazette of India, 28th November, 1996.

NCF is an innovative pattern of cultural funding which enables institutions and individuals to perform their rightful role in promoting and preserving India's rich cultural heritage and to a larger extent, to provide for, financially the cultural aspirations of the society and the nation.

Funding projects through NCF under CSR recognizes that corporate social responsibility is not merely compliance; it is a commitment to support initiatives that measurably improve the initiatives largely in Nation's interest. Among many focus areas as notified under Section 135 of the Companies Act 2013 and Companies (Corporate Social Responsibility Policy) Rules 2014, CSR funding for preservation of cultural property can be covered in the following clause of CSR policy-

"Protection of national heritage, art & culture including restoration of buildings & sites of historical importance & works of art; setting up public libraries; promotion & development of traditional arts & handicrafts;"

NCF partakes inbuilt accountability towards the Indian Parliament and the donors for the activities commissioned under its aegis. In a larger sense the NCF is envisaged to work in partnership and coherence with the Corporate and Public Sector, NGOs, and State Governments, to allow them to contribute towards the conservation, preservation and development of the tangible and intangible culture and cultural expressions.

Simultaneously NCF is striving further to bolster inter-disciplinary research; the creation of new galleries, museums and imparting/organizing skill enhancing professional training in cultural activities.

Through these diverse initiatives, programs and ideas, NCF seeks to stimulate and spearhead the heritage awareness with special reference to preservation, conservation and maintenance of India's rich cultural property, both tangible and intangible and is striving towards propagating knowledge and appreciation of the heritage of India.

Gol Gumbaz, the mausoleum of Muhammad Adil Shah (AD 1626 – 56) located in Bijapur, District Bijapur, Karnataka State is an important monument of Indo-Islamic architecture. The structure consists of a massive square chamber measuring nearly 50 m (160 ft) on each side and covered by a huge dome 37.9 m (124 ft) in diameter making it the second largest dome structure in the world. The most fascinating and

remarkable feature of the Gol Gumbaz is its acoustical system. Within the building are the tombs of Muhammad Adil Shah, his two wives, his mistress, his daughter and grandson.

The Gol Gumbaz campus also has an excellent water supply systems suggested by the presence of a number of water tanks, tank cum fountains, tank cum lifts and wells.

Gardens were an integral part of the design of the monument, as demonstrated in the incomplete tomb of Jahan Begum (the wife of Mohammed Adil Shah) outside Bijapur. The importance of understanding the original gardens goes beyond the visual as shown in the Ibrahim Rauza, which suffers from periodic flooding and the Gol Gumbaz where the watering of the lawns was causing moisture to seep into the basement of the building.

The project aims to re-establish the relationship between the garden and the building to the extent possible.

Objectives of the Project -

- To revitalize the gardens of the Ibrahim Rauza and the Gol Gumbaz, to capture the spirit and style of the landscape of the historical period keeping in mind contemporary uses and concerns
- To build a methodology from this experience, to be applied to other gardens in the region, including building a team which can study, analyse and conserve the gardens of this period.

(A) Preparation of DPR for Rangnath Venugopal Mandir, Pushkar (Rajasthan)

MoU signed on	:	14/10/14
Funder/Partners	:	NCF-Droher (Consultants)
Project Description	:	Preparation of DPR for conserving Old Rangji Temple, Pushkar

Shri Rangnath Venugopal Mandir is popularly known as Purana Rangji Mandir. It is the oldest Dravidian style temple in Pushkar, built in 1844.

Shri Rangnath Venugopal Mandir complex is an outstanding combination of Dravidian temple architecture and Rajasthan architecture having a decorative and massive Rajasthan style entrance gate and an outer Parikrama path with lime mortar road and painted walls of inner temple with ancient decorative patterns. The residential complex of Temple is spread out over an area of 90,000 sq.ft.

The temple complex built in south Indian architecture style and Rajasthani style, is full of ornamental design with paintings of religious and mythological stories.

The walls have remarkable fresco tradition of Shekhawati region. The frescoes are deteriorating and require immediate precautions towards their preservation and conservation.

A detailed study report is required to access the condition.

A MoA was signed between NCF and M/s Droher (Consultants) on 14/10/14 for preparation of DPR for conserving Old Rangji Temple at Pushkar, Rajasthan, under NCF's small grant scheme.

(B) Preparation of DPR for Nalanda site museum, Bihar

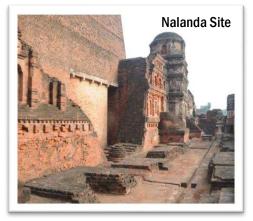

MoU signed on	:	16/04/2015
Partner	:	ASI-NCF-Astro Links
Project Description	:	Preparation of DPR for Nalanda site museum, Bihar

The Detailed Project Report (DPR) is being prepared by M/s Astro Links(consultants). The objective of the DPR is to study the site and to suggest measures to enhance the significance of the site by undertaking conservation interventions which would not only safeguard its significance but would also provide its visitors a holistic and authentic experience.

Nalanda is an important site both historically as well as culturally. With an average foot fall of 2.5 Lakh visitors per year it is very crucial that its significance is well interpreted by the visitors.

The present site museum was built probably in 1915 as a guest house for the archaeologists working on the site excavations. It was converted into a museum in 1917 to house the antiquities excavated from Nalanda and Rajgir. Further, it was revamped in 1956. The museum building, with the coverage area of 390 sq. meter only is certainly not sufficient for about 13,463 artifacts.

The physical structure of the building needs to be conserved with only minimum interventions to protect the original fabric of the museum. The block will primarily cater to the visitor interpretation and facilitation. It will house functions like ticketing counter, interpretation center, cloak room, museum shop children education area, etc.

The Nalanda Museum is categorized as a 'site museum' and it is very different from any other museum. This facet should be enhanced and well interpreted through design interventions. In a site museum the remains/ explorations should be displayed very carefully so that their relationship with the site can be easily comprehended by the visitors.

Project is a part of National Culture Fund's vision of safeguarding India's rich cultural heritage. The initiative would provide a platform for exchange of ideas and their implementation by an experience multidisciplinary team with wide range of disciplines covered, such as antiquity preservation, conservation display, archaeology, art history, historic building conservation, museology, documentation, structural and civil engineering, project management, landscape designing amongst others.

The audit has been entrusted for the period up to 2020-21. These financial statements are the responsibility of the National Culture Fund's Management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This Separate Audit Report contains the comments of the Comptroller and Auditor General of India on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms, etc. Audit observation on financial transactions with regard to compliance with the Law, Rules & Regulations (Propriety and Regularity) and efficiency-cum performance aspects, etc., if any, are reported through Inspection Reports/CAG's Audit Reports separately.

3. We have conducted our audit in accordance with the auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall presentation of financial statements. We believe that our audit provides a reasonable basis for our opinion.

4. Based on our audit, we report that:

i. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.

iii. In our opinion, proper books of accounts and other relevant records have been maintained by the National Culture Fund in so far as it appears from our examination of such books.

iv. We further report that:

A. Balance Sheet

A.1 Liabilities:

A.1.1 Current Liabilities and Provisions (Schedule-7) - Rs. 33.99 lakh

A.1.1.1. The above include long pending liabilities as detailed below:

Sl. No.	Name	Amount Rs. (in lakh)	Pending since
1	Sundry creditors for goods and services	7.12	March 2012
2	Advances Received	4.62	June 2009
3	Payable to National Museum	7.42	Before April 2005

These long pending advances lying unadjusted need to be reviewed and settled. Doubtful amounts if any should be stated and provision should be shown as reduction there from.

A.2 Assets:

A.2.1 Current Assets, Loans, Advances etc. (Schedule 11) 72.10 crore

A.2.1.1 The above include sundry debtors of Rs. 3.91 lakh pending since 2013. Neither review of the overdue debtors nor any provision for the same was made in the accounts.

B. Income

B.1 As per the minutes of the 18th meeting of the Executive Committee (EC) of NCF held on 23rd July 2013, EC advised NCF to introduce a 5% project management/administrative charge on the project cost of all new projects undertaken by NCF. During 2019-20 NCF received Rs. 55.00 lakh as Donation/Grant for only one project i.e. Sony India Ltd under

Farmarked Funds (Schedule-3). However, the entry of the 5% share of NCF (Rs. 2.75 lakh) was not found in accounts. This resulted in understatement of Income and overstatement of Earmarked Funds by the same amount.

C. General

C.1 As per Schedule 3 of the Balance Sheet, there were 42 projects under NCF for which separate bank accounts were maintained. Audit noted that there has been no expenditure in 23 of these projects, having balance of Rs. 4.99 crores since April 2017 (Annexure attached). Further, no fixed deposit was made in some of the project accounts (4 projects amounting Rs. 49.78 lakh) which resulted in loss of interest.

C.2 Unspent amount of Rs 1.01 crore received during 2002-03 and 2003-04 for Birth Centenary Celebration of Chaudhary Charan Singh was refunded to the Ministry in May 2014. However, the amount of interest earned on the unspent balance was not refunded by NCF till 2019-20. NCF provided details of an amount of Rs. 0.44 lakh as interest earned on the unspent balance only upto 2009-10. However, the amount of interest from 2010-11 to 2019-20 was not calculated and depicted separately in the annual accounts for the period ended 31st March, 2020. NCF should calculate the amount of interest upto 2019-20 or as on date and refund the same to the concerned authority under intimation to audit.

D. Grants-in-aid

NCF was funded with one-time corpus fund of Rs. 19.50 crore. At the beginning of the year 2019-20, NCF had a corpus fund of Rs. 49.20 crore. It earned interest of Rs. 3.27 crore on investments of the Funds during the year. It also had miscellaneous income of Rs. 1.85 crore during the year. Out of the available funds of Rs. 5.12 crore, it utilized Rs. 0.58 crore and transferred the unspent amount of Rs. 4.54 crore to corpus fund. At the end of the year, NCF had the Corpus fund of Rs. 53.74 crore.

E. Management Letter:

Deficiencies which have not been included in the Audit Report have been brought to the notice of the NCF through a management letter issued separately for remedial/corrective action.

v. Subject to our observations in the preceding paragraphs, we report that the Balance Sheet, Income & Expenditure Account and Receipts & Payments Account dealt with by this report are in agreement with the books of accounts.

vi. In our opinion and to the best of our information and according to the explanations given to us, the said financial statements read together with the Accounting Policies and Notes on Accounts, and subject to the significant matters stated above and other matters mentioned in Annexure to this Audit Report give a true and fair view in conformity with accounting principles generally accepted in India;

a. In so far as it relates to the Balance Sheet of the state of affairs of the National Culture Fund as at 31st, March 2020; and
